# Configuration des credentials

SETTINGS

**ORGANIZATIONS**

Group all of your content to manage permissions across departments in your company.

**USERS**

Allow others to sign into Tower and own the content they create.

**TEAMS**

Split up your organization to associate content and control permissions for groups.

**CREDENTIALS**

Add passwords, SSH keys, etc. for Tower to use when launching jobs against machines, or when syncing inventories or projects.

**MANAGEMENT JOBS**

Manage the cleanup of old job history, activity streams, data marked for deletion, and system tracking info.

**INVENTORY SCRIPTS**

Create and edit scripts to dynamically load hosts from any source.

**NOTIFICATIONS**

Create templates for sending notifications with Email, HipChat, Slack, and SMS.

**VIEW YOUR LICENSE**

View and edit your license information.

**ABOUT TOWER**

View information about this version of Ansible Tower.
