# Red Hat Virtualization Visionaries Quadrant of Gartner's 2016 Magic Quadrant

“As the only company included in the Visionaries quadrant, we believe Red Hat’s Magic Quadrant position reinforces our continued innovation, momentum and strong vision for an open, high-performance virtualization alternative.

Gunnar Hellekson director, Linux and Virtualization product management, Red Hat

# Évènements à venir

A night-time photograph of the Boston skyline across the harbor. The city lights are reflected in the water. In the foreground, a large, dark metal anchor chain is visible, extending from the bottom left towards the center. The sky is a deep blue with some clouds.
