OPEN TLC Environment

Red Hat OPEN TLC Learning Enviroment

SAP HANA Accreditation

Browse to <https://www.redhat.com/en/partners/open>
Press “GET TRAINED”

- Log in with your Partner Account
- Search Catalog for SAP
- Locate “Red Hat Enterprise Linux 7 for SAP HANA”
- Click the “Launch” button
- Locate and take the three Quizes
- Take the Red Hat Enterprise Linux for SAPHANA Final Assessment

The collage consists of three overlapping screenshots from the Red Hat website and training portal. The top screenshot shows the Red Hat 'OPEN' page with a 'GET TRAINED' button highlighted by a red arrow. The middle screenshot shows a search results page for 'SAP' with a 'Launch' button highlighted by a red arrow. The bottom screenshot shows a list of training modules for 'Red Hat Enterprise Linux for SAP HANA' with several items checked, and a 'Launch' button highlighted by a red arrow.

Top Screenshot: The Red Hat 'OPEN' page. The header includes 'REDHAT.COM', 'FIND A PARTNER', 'BECOME A PARTNER', and 'HELP'. The main navigation bar has 'Learn', 'Market', 'Sell', and 'Programs'. A red arrow points to the 'GET TRAINED' button.

Middle Screenshot: The search results page for 'SAP'. The header includes 'REDHAT.COM', 'Help', 'Languages', and a user profile icon. The search bar shows 'SAP'. The results list includes 'Red Hat Enterprise Linux' with a 'Launch' button highlighted by a red arrow.

Bottom Screenshot: The training catalog page for 'Red Hat Enterprise Linux for SAP HANA'. The header includes 'REDHAT.COM' and the URL 'https://training-lms.redhat.com/ilearn/en/learn'. The list of training modules includes: 'Red Hat Enterprise Linux for SAP HANA', '01 Overview Slides', '01 Overview Lab', '01 Overview Quiz', '02 Installation Process and Methods Slides', '02 Installation Process and Methods Quiz', '03 Install RHEL for SAP HANA Slides', '03 Install RHEL for SAP HANA Quiz', '04 Install SAP HANA Slides', '05 RHEL 4 SAP HANA Lab', and 'Red Hat Enterprise Linux for SAP HANA Final Assessment'. Several items are checked, and a red arrow points to the 'Launch' button.
